

NIBRS Offenses that Require the Reporting of Property

This table illustrates all NIBRS offenses that require a Property Segment. For each offense, the table shows whether property description and value are required, and which property status codes (Completed, Attempted) are valid.

NOTE: Before any property is reported as “**Recovered**”, it must first be reported as “**Stolen**”. Except in cases involving: **Counterfeiting/Forgery (250)**, **Stolen Property Offenses (280)** or a stolen vehicle’s recovered property is listed under Data Element 15 as 38 = Vehicle Parts/Accessories.

Always report **Date Recovered** if **Property Loss Type** = *Recovered*.
